INDEPENDENT CREATOR PROJECT

VIRALGG
MANAGEMENT

MEDIA KIT 2026

Play. Create. Grow.

Gaming / Entertainment / Digital Creators
An independent project in development with an international outlook.

01 / ABOUT US

Talent beyond the numbers.

ViralGG Management is an independent project designed to connect digital creativity, gaming communities and future brand opportunities.

Our mission

Help emerging and established creators develop an authentic digital identity and explore sustainable opportunities.

Our values

Creativity, inclusion, transparency, respect and responsible community building.

Our vision

An international network where potential is not defined solely by follower counts.

Our current stage

The project is in development. Commercial representation and paid services are not currently offered.

02 / CREATOR DEVELOPMENT

Built around the creator.

Our proposed support areas are designed to reflect individual goals, creative freedom and the needs of each community.

Identity & strategy

Personal branding, social channel development, content planning and performance reviews.

Creative support

Visual assets, promotional graphics, video content and professional individual media kits.

Community development

Positive community practices, live formats, creative events and peer collaboration.

Opportunity discovery

Exploring suitable influencer programmes and potential partnerships. No guaranteed placements or growth.

03 / BRAND OPPORTUNITIES

Meaningful connections.

Potential formats for future partnerships, subject to the appropriate commercial, contractual and tax arrangements.

Social & live content

Sponsored streams, short-form videos, product demonstrations, reviews and creator-led content.

Gaming activations

Game launches, community events, tournaments and digital experiences.

Creative campaigns

UGC, brand awareness and ambassador concepts aligned with the audience and brand values.

Potential sectors

Game studios, technology, peripherals, lifestyle, entertainment and family-appropriate products.

04 / OUR APPROACH

Authenticity comes first.

We aim to evaluate opportunities through audience relevance, creative quality and responsible communication.

Measurement framework

Reach, views, engagement, live participation and audience characteristics where relevant and available.

Privacy by design

Individual creator profiles and media kits are intended for private sharing with specific authorisation.

Responsible partnerships

Brand fit, clear disclosure, community safety and respect for audiences, including younger viewers.

Evidence standards

No aggregate reach, engagement rates, client roster or campaign results are claimed in this edition. Verified figures will be added when available.

05 / CONTACT

Let’s explore what comes next.
